Languages

Technology

Education

2017 – 2018

MSc Informatics

THE UNIVERSITY
of EDINBURGH

Brunel
University
London

2012 – 2016

BSc Computer Science and Artificial
Intelligence **1st Class Honours**

Projects

2018 Deep Learning

Deep Learning project to classify music genres embedded in the data using Deep Neural Networks

2017 IoT

IoT step tracking device interfaced to Android application that predicts steps using a Naïve Bayes algorithm

2017 Robotics

Full stack planetary rover robot developed to perform autonomous navigation and complete objectives

Achievements

(1st Kyu) Brown Belt in Judo

The Duke of Edinburgh's
Bronze & Silver Awards
